PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate (Batch 2027) with strong **problem-solving skills** and proficiency in **Python**, JavaScript, and SQL. **Experienced** in Full Stack Web Development and competitive programming. **Seeking** an internship to apply technical knowledge and gain practical industry experience.

WORK EXPERIENCES

Web Developer Intern | Internship

Jun 2025 - Jun 2025

CAREER FORESIGHT (CDAC ACTS)

Patna, Bihar

- Developed 5+ backend modules using **Python** and **MySQL** for a web-based application.
- Designed and optimized 8+ database tables, improving query performance by **25%**.
- Implemented secure authentication system with **role-based access control** for **100+** users.

Technologies / Skills Used : Python, MySQL

PROJECTS

Smart-hrms | 🌐 Website

May 2026 - May 2026

Individual Project

- Developed a full-stack HRMS with JWT authentication and role-based access for Admin and Employee, reducing unauthorized access by 100%.
- Built core modules — Employee Management, Attendance Tracking, and Leave Management (Apply/Approve/Reject) — supporting end-to-end HR workflows.
- Designed a real-time Dashboard displaying live Employee Count, Attendance, and Leave summaries for data-driven decision making.
- Deployed full MERN stack application on Vercel with MongoDB Atlas, ensuring 99.9% uptime and scalable cloud infrastructure.

Technologies / Tools Used : React, Node.js, Express, Tailwind CSS, Vercel, JWT, MongoDB Atlas

InternINDIA AI | 🌐 Website

Sep 2025 - Nov 2025

Backend Developer (API & Deployment)

- Developed an AI-based internship recommendation system processing **500+ user inputs**.
- Improved recommendation accuracy by **30%** using machine learning-based matching logic.
- Built and deployed **8+ REST APIs** for user authentication and internship retrieval.
- Reduced response time by **25%** through optimized backend architecture.

Technologies / Tools Used : Python, Machine Learning, API

SKILLS

Databases :	MySQL, MongoDB
Frameworks Libraries :	React, Node.js, Tailwind CSS, Framer Motion, Express.js
Languages :	Hindi, English
Programming Languages :	C++, Python, JavaScript
Soft Skills :	Teamwork, Leadership, Problem Solving
Tools Platforms :	Git, GitHub, VS Code, Netlify, Vercel

EDUCATIONS

Maulana Azad College of Engineering and Technology | Patna, Bihar, India

Jun 2023 - Present

Bachelor of Technology in Computer Science & Engineering

CGPA : 8.44 / 10

Branch Topper

AWARDS & ACHIEVEMENTS

- Secured **1st Place** in the **College-level Smart India Hackathon (SIH) 2025** by developing and presenting an AI-driven solution.
- Google Student Ambassador** – Led technical workshops and advocated for Google Developer Programs.
- Microsoft Student Ambassador** – Facilitated technical events and engaged with student developer communities.
- Competitive Programming** – Solved over **300** DSA problems; actively practices on [CodeChef](#), [Codeforces](#), and [LeetCode](#).

CERTIFICATIONS

- Microsoft Learn Student Ambassador – [View Certificate](#)
- C++ Competition Coding – [View Certificate](#)
- Internship Certificate – [View Certificate](#)
- SIH-Internal Hackathon – [View Certificate](#)
